

# Couples Retreat

22 - 24 October 2010

Whether you are married, in the process of getting to know someone for marriage, or beginning a new relationship, this retreat is for you.

This retreat will help you to:

- ♥ Create the relationships you want – one that is successful and has zest and passion
- ♥ Learn communication skills and how to stay connected
- ♥ Get clear about where you are, where you want to be and how to get there
- ♥ Rejuvenate your relationship, whether you are currently in some trouble or doing just fine
- ♥ Have a well deserved break in the tranquil surrounds of Yerrinbool

The program is based on the Bahá'í writings, supported by science and focused on learning practical skills.
